touch2 - success
but seg fault

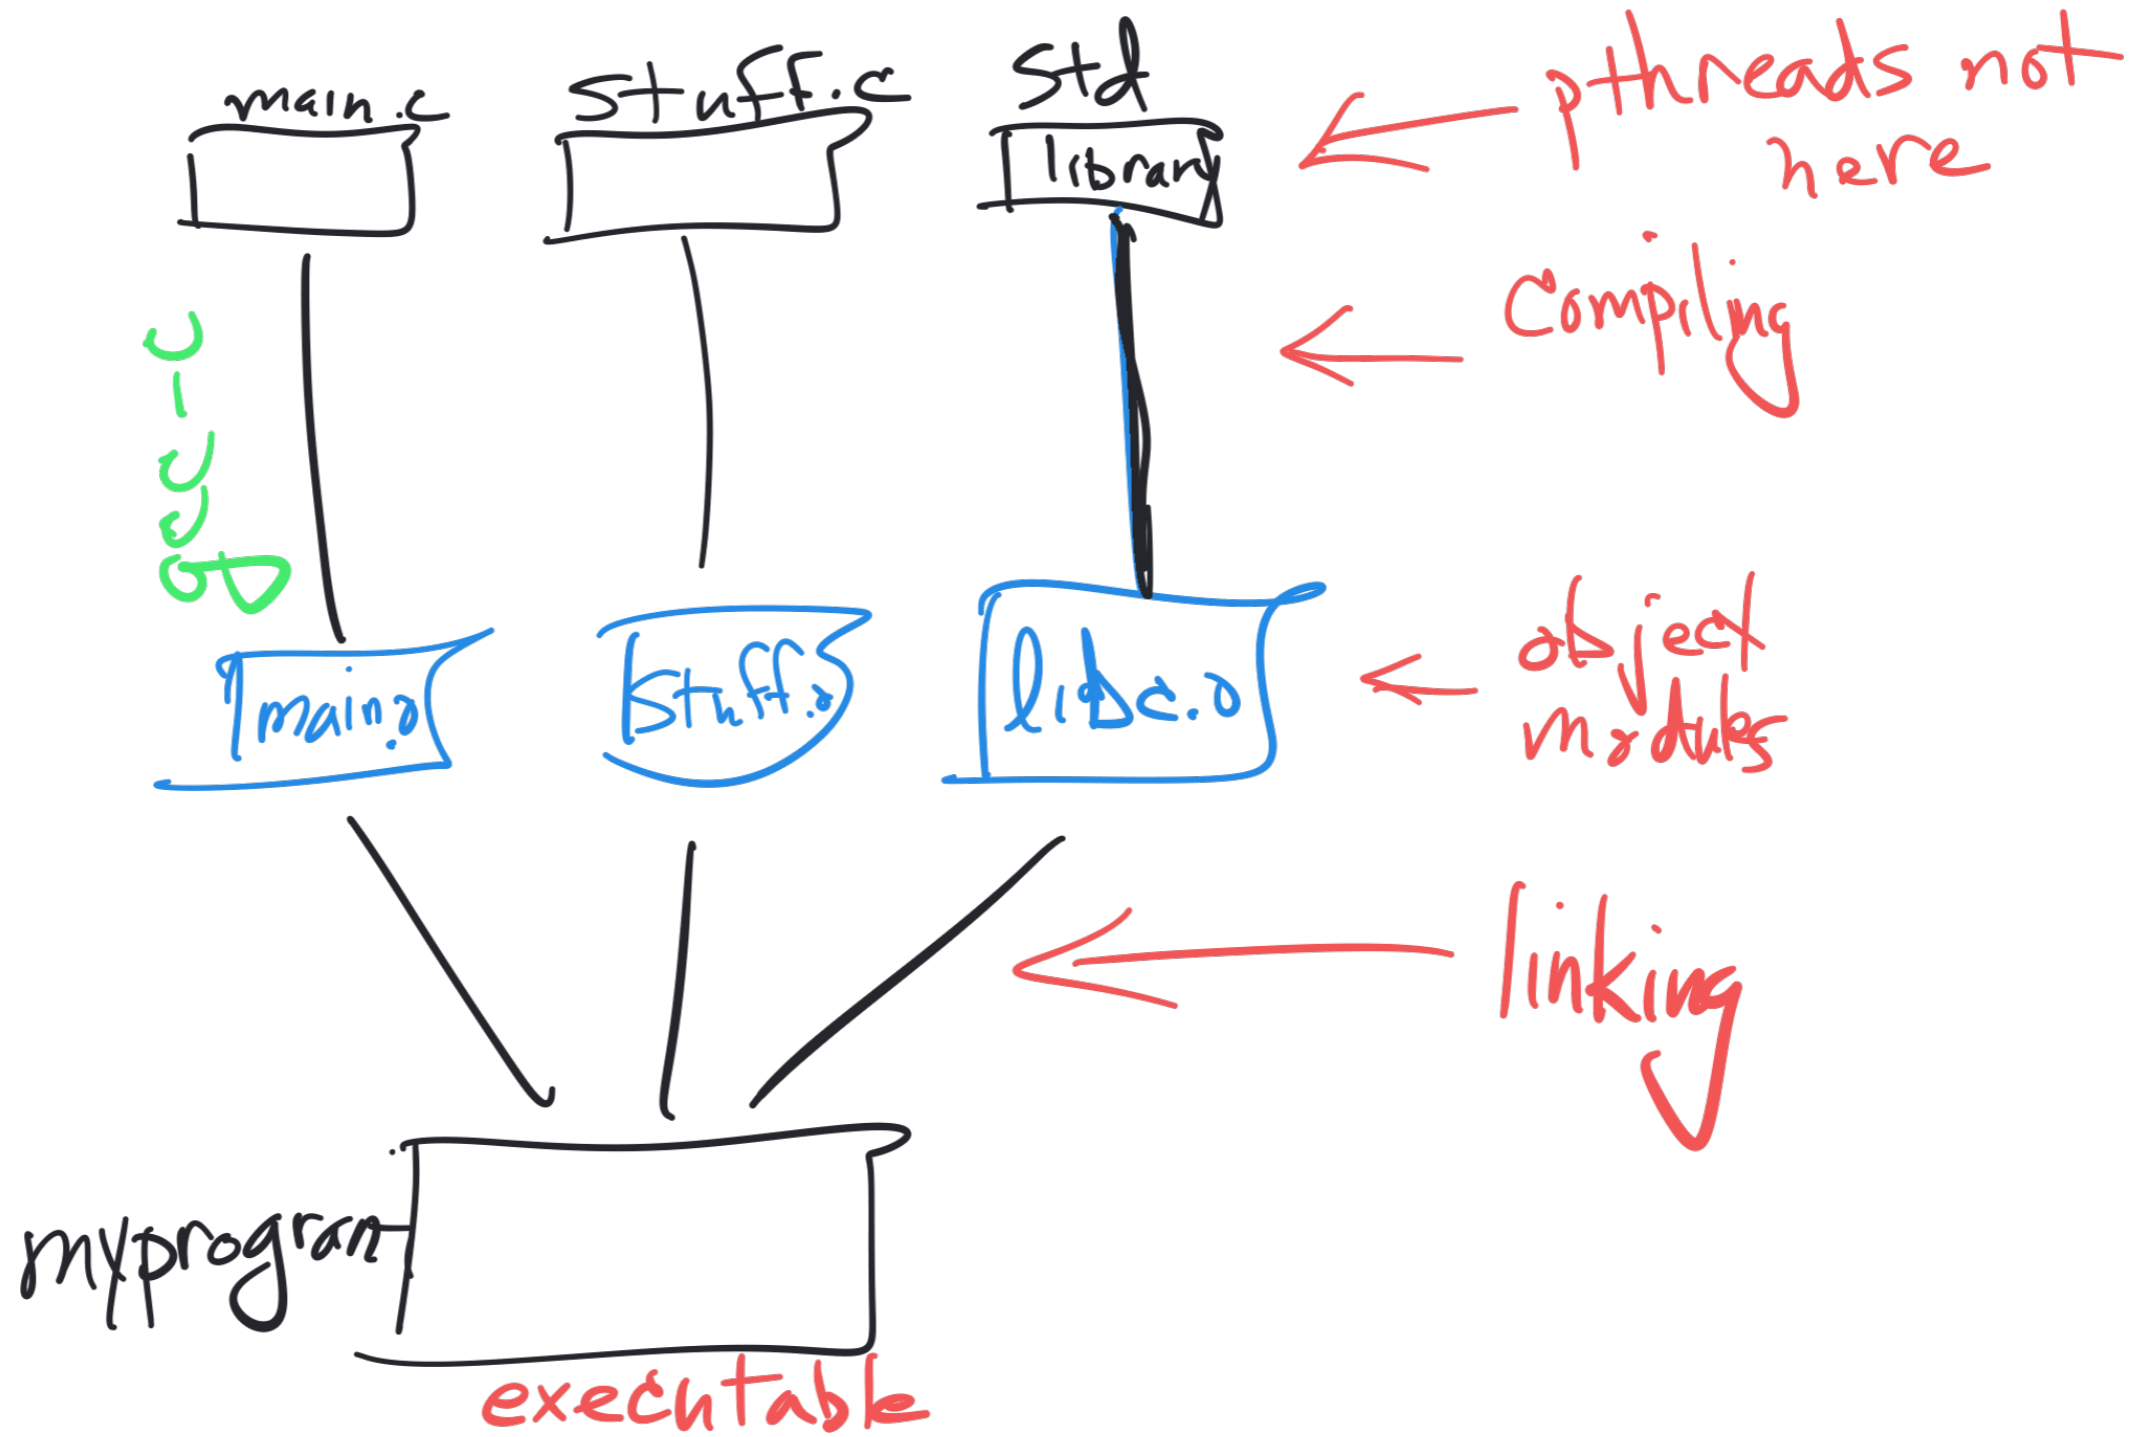

notify_server
sprintf(str, ...)

big enough to
hold stack frame
but no more

touch2 - success
but seg fault

notify_server
:
sprintf(str, ...)
big enough to
hold stack frame
but no more

```
gcc -o myprogram main.c stuff.c
```

```
#include <stdio.h> } function
#include <pthread.h> } prototypes
                        typedefs
```

function prototypes
not function bodies

~ pthread ← go get
the pthreads code + link
it to my program
